

My Dear Lewis

Allow me to assure you, that none  
of your Friends, have taken more in  
your home, than Lady Shelburne  
and myself - I have sent your  
Letter to Mont<sup>e</sup> de Mourgues de  
Castries thro' a very respectable  
channel - I wish you would  
come and see us - I should  
go to you, if it was not for the  
engagements I am under from  
morning till night. I beg to  
be remembered to all our Ship  
company - With more Truth  
& Regard Believe me
